Sir:

In accordance with 37 C.F.R. 1.76(c)(2), Applicants submit herewith a Supplemental Application Data Sheet [hereinafter "SADS"] in which only the information to be changed is identified, i.e., the PCT International Application identification information. However, to assist Patent and Trademark Office personnel and to ensure that this SADS is associated with the appropriate file, the following fields are also completed: Application number and filing date; the Attorney docket number; and the Customer number.

Applicant notes that the SADS attached hereto correctly identifies the PCT International Application identification information as ---**PCT/JP00/04003, Filed June 19, 2000**---, which was erroneously listed as an application the benefit of which is to be claimed Under 35 U.S.C. § 120 on the declaration submitted with the application.

P21917.A05

Accordingly, Applicant requests entry of the attached SADS to ensure that the identified information is accurately printed on the face of the printed patent.

If there are any questions with regard to this submission, the Examiner is requested to contact the undersigned at the telephone number listed below.

Respectfully submitted,  
Kiyoharu HIRAO et al.
